DAYTON, TUESDAY, MARCH 19, 1867.

NO. 156.

BY TELEGRAPH.

Washington News and Gossip.

Washington, March 18.—The President did not send any nominations to the Senate to-day; nevertheless, Mr. Johnson and the members of the Cabinet were laboriously engaged in the examination of applications for office, to supply the large number of vacancies occasioned by rejections in the Senate.

The nomination of Colonel Jones as Postmaster at Cincinnati, remains in abeyance in the Senate, though it is rendered to a certainty that he will be rejected. The persons who slaughtered Colonel Taylor are pursuing Colonel Jones. They urge his rejection in the hope of procuring the nomination of Mr. Sebastian.

Major J. E. D. Cowxins, the detective of the Treasury, who arrested Lee, the defaulting Treasury clerk, has received a draft for \$5,500, 25 being the amount of reward for the arrest, the recovery of the stolen bonds, and expenses incurred in making the arrest.

Yesterday the rifle purchased by the citizens of Providence, Rhode Island, as a gift to General Grant was presented to him by N. G. Whitmore, Esq., who, accompanied by Governor Sprague, called upon him at the headquarters of the army. The rifle is valued, with the case, at \$500, and is a beautiful weapon.

An iron spoon, some eighteen inches in length, passed through Richmond on Monday in charge of the Southern Express Company, directed to "B. F. Butler, care of Hon. A. J. Rogers, of New Jersey." Washington D. C. On the reverse side was, "First Alabama returns under the provisions of the Sherman bill."

The heavy losses of the Radicals at the late election in New Hampshire have almost ruined the Connecticut Radicals now in this state, and they have organized a club composed principally of dependent clerks from that State, who are pledged to go home and vote the Radical ticket at the election next month. These clerks are scattered through all the departments here, and will no doubt obtain leave of absence for the purpose of assisting the election of the sworn enemies of the administration.

The Southern Loyalists now here called on Chief Justice Chase to-day, and urged him to appoint ex-Governor Hamilton of Texas, Register under the Bankrupt Law of New Orleans.

From indications in and out of the Senate to-day it seems to be almost certain that Governor Thomas the Senator-elect from Maryland, will not be allowed to take his seat in that body.

The Southern Loyalists now here called on Chief Justice Chase to-day, and urged him to appoint ex-Governor Hamilton of Texas, Register under the Bankrupt Law of New Orleans.

At Philadelphia, yesterday, the broker's office of James H. Newbold was robbed of a box containing a number of promissory notes and Government bonds to the amount of \$6,000.

A flouring mill, church and coffee mill at Alton, Illinois, were burned Saturday morning. Loss, about \$12,000. Insured for \$8,000.

The record of the Postoffice Department show that in the Dead-letter Bureau there have been \$60,000 dead letters destroyed within the past year, in which were inclosed \$200,000 in drafts. The latter were of course returned to the owners.

New Hampshire has done well. The Republican majority is not over 2,800. Last year it was 4,500. This is a good augury for Connecticut.

The Senate, yesterday, confirmed the appointment of Jas. Rowe, Receiver of public moneys at Chillicothe, Ohio.

An attack on a drayman by members of the St. Patrick procession in New York yesterday, led to a collision with the police, in which, after a severe fight, some fifteen of the latter were wounded, and a number of the rioters were arrested.

Nixon's Block, in Kokomo, Indiana, was burned yesterday. Loss, about \$25,000.

A locomotive exploded at St. Charles, on the North Missouri Railroad, a few days ago. The engineer was cut in two, and two other persons injured.

Colonel P. J. Sullivan, nominated as Minister to Bogota, was rejected by the Senate yesterday.

Five hundred and sixty-five dollars, commerce money, were received at the Treasury yesterday.

The receipts of internal revenue for the present fiscal year, to Saturday night, amount to \$208,189,000.

A Paris letter says: "To the long list of noble game already bagged by American sportsmen, must now be added the bringing down by the fair Miss Curtis of young Count de TALLEYRAND, one of the most brilliant parts of the matrimonial field of to-day."

A vein of salt water was struck at Lawrence, Kansas, a few days ago, while boring for water for a woolen factory. The water yields one-half pound of salt to the gallon of water.

The Wisconsin Legislature by a vote of fifty-one to thirty-two, adopted the eight-hour system, in all cases where no special contracts are made for a day's labor. Illinois has now a similar law on its statute books.

The subject matter of striking the word white from the State Constitution is still one of great perplexity to all of the members of the Legislature of the African persuasion.

In the Senate the joint resolution to allow the people to vote yeas or nays on the proposition has been twice up for discussion and has twice been laid on the table, in order to gain additional strength to put it through.

In the Senate Mr. Hayden introduced a bill requiring the County Auditors to report to the commissioners of land in the County Treasurers designating different funds as they appear on the Auditor's books, and requiring the Auditor of State to enforce a uniform system of book-keeping in the several county offices.

The friends of Hon. V. B. Horton, of Maize, intend to bring him forward as a candidate for Governor, subject to the decision of the Union Convention.

The Southern Flood—Large Fire.

MEMPHIS, March 18.—The river at this point is forty-three miles wide. Laconia Circle, which is protected by private levees, is still safe. There never before was 18,000 acres, principally owned by Mr. Johnson, of Memphis, and Blackburn of Kentucky.

The towns of Helena, Arkansas, and Fayette's Point, Mississippi, are still submerged from four to fifteen feet. The inhabitants are living in second stories. Great suffering and destitution prevails.

The loss in stock along the river has been immense.

A fire broke out again in Howard's Row last night, destroying the remainder of Wyatt's Agricultural Depot, also Noyes, Ruffo and Co.'s produce houses. Loss, \$100,000, insured for \$75,000.

A gentleman just from New Orleans says the Mississippi River is at present thirty miles wide at some points, caused by the great overflow. He gave a sad account of the damage and suffering along the river.

About Chatanooga the flood has also been very destructive. The Union says: A
